Got the Money.
The action of the 13-year-old boy down in Virginia who discovered a rock on the railroad track and instantly dashed up the road waving his cap and stopped a coming train wasn't exactly heroic, but the passengers on the train promptly made up a purse for the boy, without waiting for Mr. Carnegie.—Indianapolis Journal.

Handsome Table Cover.
A handsome table cover to be used for a dinner party has a border of heavy hand-made lace, imported, of course, with the hostess' monogram in gold bullion in each end of the centerpiece, one of those long squares of Turkish embroidery in gold on a white ground of coarse meshed linen.—Boston Globe.

To Clean Glass.
When there is only a mirror or two or a pane of glass to be washed mix a thick cold starch, apply with a clean rag to your mirror or pane and then rub dry with camels or any cloth that does not lint. It is so easy to do, yet produces fine results.—Chicago Daily News.

HAS TRIED BOTH.

Travel for Health Vs. Dieting.
A man who was sent to Europe for his health and finally found cure in a little change in his diet says:
"I was troubled with dyspepsia for five years and two doctors here in Kenosha that treated me for over a year both told me there was no help for me. Then I had an expert from Chicago, but still received no relief; then followed another expert from Chicago who came to our house two times a month for four months. He gave me up like all the others and told me to take a trip across the ocean, which I did in the year 1899 and came home about as bad as when I started. The doctors told me my stomach lining was full of sores. Then I began to study my own case and learned of the diet recommended by the Postum Cereal Co., so I gave up coffee, pork and all greasy foods and began using Postum Food Coffee. Gradually I got better and better until I am well now as I ever was in my younger days, have no trouble and eat anything fit to eat.
"Sometimes away from home I am persuaded to drink coffee, but I only take a sip of it, for it tastes bitter and disagreeable to me, but the longer I use Postum the better I like it and the better I feel. I could say a great deal more of my experience with Postum, but think this will give everyone a good idea of what leaving off coffee and using Postum can do." Name given by Postum Co., Battle Creek, Mich.

DEPORTING MINERS.

Thirty-Six Were Taken From Victor, Col., Tuesday.

Federal Judge Thayer Granted the Writ of Habeas Corpus in the Case of President Charles H. Moyer, of the Miners' Union.

Cripple Creek, Col., June 14.—A number of arrests were made Monday. The most important was that of Frank J. Hanks, attorney for the Western Federation of Miners. The arrest was ordered by Gen. Bell. Mr. Hanks was brought from Victor to Cripple Creek and placed in the bull pen. Strict orders were given that he be not allowed to communicate with anybody.

Gen. Bell said in connection with the arrest: "It was necessary for the peace, quiet and good of the county of Teller and the state of Colorado."

The contemplated withdrawal of troops has called out a protest from the Citizens' Alliance and Mine Owners' association, and it is likely that Gov. Peabody will be asked to continue the soldiers in the field for an indefinite period. The citizens say that martial law has had a salutary effect and the fear that if declared off at present many of the deported men will return. Saloons were permitted to reopen Monday.

Attorney Hanks, it is said, will be held as a military prisoner just as President Charles H. Moyer, of the Miners' Federation, has been held at Telluride.

Gen. Bell sent out a party of soldiers and deputies Monday afternoon on horseback to capture a party of 25 to 40 armed men who, the military authorities declare, are hiding in the mountains north of Cripple Creek and are prepared to resist arrest to the death. The searching expedition is equipped for four days' absence should so much time be required to accomplish its purpose. It is reported that some of the deported men have already returned to the district, but so far as known none of them has been recaptured.

Victor, Col., June 15.—Thirty-six men were deported Tuesday afternoon by the military. The men are residents of different sections of the district, but mainly lived in Cripple Creek and Victor. There was a large crowd at the Florence & Cripple Creek station when the men were loaded on the train, but little excitement or demonstration of any kind was made. The destination of the exiles was given out unofficially as New Mexico. The report was current, however, that they would be taken through that territory to the Old Mexico line and made to pass over on Mexican soil.

The men sent out Tuesday are nearly all union or union sympathizers. Quite a number of them are married. Food was taken on the train for the prisoners.

Cripple Creek, Col., June 15.—Virgil King, Charles Matthews and Patrick Mullaney were taken from the Victor bull pen to the county jail Tuesday. The military authorities say that King and Mullaney will be charged with complicity in the Independence dynamiting and that Matthews is held as a witness. The three men are prominent members of the Federation of Miners.

St. Louis Mo., June 16.—United States Circuit Judge A. M. Thayer, sitting in chambers, has granted a writ of habeas corpus to have Charles H. Moyer, president of the Western Federation of Miners, brought before him on July 5. The writ is directed against Gov. J. H. Peabody, of Colorado; Adjt. Gen. Bell and Buckley Wells, another Colorado official.

The three have been cited to appear with Moyer and show cause why Moyer is being restrained from his liberty by being confined in a stockade, or better known as "the bull pen," at Telluride, Col.

Telluride, Col., June 16.—Capt. Wells delivered President Moyer, of the Western Federation of Miners, who has been in the military bull pen here for several months, to the sheriff of San Miguel county at 4:15 o'clock Wednesday afternoon, in pursuance of telegraphic orders from Adjt. Gen. Bell.

LIEUT. BOWER KILLED.

He Was Struck By a Bolt of Lightning at Fort Leavenworth, Kan.

Leavenworth, Kan., June 14.—Lieut. Nathaniel T. Bower, engineer corps of Fort Leavenworth, was killed Monday near the target range. The officer was on his way to the range to shoot when a bolt of lightning out of a comparatively clear sky struck his rifle, which he was carrying, passed through the arm into the right breast and out through his shoes. He was to have been married in July.

ATTORNEY GENERAL KNOX.

He Will Retire From the Cabinet in a Few Days.

Washington, June 15.—Although Attorney General Knox refuses either to deny or to affirm the statement, it is learned from a high source that it is his intention to retire from the cabinet within the next few days, or as soon as his appointment as a United States senator from the state of Pennsylvania shall be received from Gov. Pennypacker. He will be succeeded by Mr. Moody, the present secretary of the navy. It is said that after a conference with the president, Attorney General Knox concluded that his action in retiring at once from the department of justice would be in accordance with the spirit of the constitution, which provides that each state shall have two senators and empowers the governor to appoint in case of vacancy.

INSCRIPTIONS CHANGED.

An Order Issued in Regard to Embassies and Consulates.

Washington, June 15.—In accordance with an order issued by Secretary Hay, the inscriptions "United States Embassy" and "United States Consulate" no longer will appear upon the embassy and consular seals and in other places where they formerly stood. In their place on all the new record books and seals will appear the words "American Embassy" and "American Consulate" and "American Consular Agency." There is a dignity and simplicity about the term "American" that the secretary likes and there also are about a dozen "United States" aside from the United States of America, a fact which leads to a great deal of confusion in foreign countries.

REVOLUTION IN MOROCCO.

It Is Practically Certain Within a Couple of Months.

London, June 15.—The Daily Mail's Tangier correspondent, urging French occupation as the only remedy for the serious internal condition of Morocco, declares that a revolution is practically certain within a couple of months and that it will be supported by the entire educated class. The sultan's authority is virtually non-existent, he says, and until the country is occupied by Europeans are on the edge of a volcano. Should France avoid her responsibility, America or Great Britain may be forced into energetic action, thus creating a situation similar to that existing in Egypt.

TWO MEN ARRESTED.

Alleged They Were Conducting Fraudulent Fire Insurance Business.

Chicago, June 15.—Charged with conducting a fraudulent fire insurance business, E. A. Shanklin and Stephen Wesley Jacobs were arrested here Tuesday by the federal authorities. According to Post Office Inspector Ketcham their operations have been on a large scale. The prisoners, it is charged, wrote the names of companies with which they had no connection whatever. When the prisoners were taken before Federal Commissioner Foote Tuesday afternoon their cases were continued until June 24, and they were released under \$5,000 bonds each.

NEW RAILROADS IN MEXICO.

More Than 1,500 Miles Are to Be Built Under Auspices of the Mormons.

Mexico City, June 15.—More than 1,500 miles of railroad, it is said, are to be built in Mexico under the direct auspices of the Mormon church. Bishop W. D. Johnson, who represents the church in this country, is here arranging for the construction of the road. It is expected the road will run from America, in the state of Jalisco, to Ciudad Juarez, opposite El Paso, Tex. The Mexican government has given the Mormon church another grant of 100,000 acres of land in the state of Chihuahua.

KILLED BY HIS FATHER.

The Boy Attempted to Play a Joke on His Sire.

Mount Holly, N. J., June 15.—Frank Reinecke, aged 16 years, was killed by his father while trying to play a joke on the latter. Young Reinecke hid in the bushes along the highway, near Riverside, and as his father approached the boy jumped out, expecting to scare him. The elder Reinecke drew a knife and plunged it into the lad's heart, killing him almost instantly. Mr. Reinecke thought he was about to be attacked by a highwayman. The father is almost insane from grief.

Pension Money Returned.

Washington, June 15.—Mrs. Martha M. Gray, of Marshall, O. T., has returned to the government \$1,247 which she illegally drew as a widow's pension. Though divorced from her husband, Miles B. Gray, after his death she applied for and received a widow's pension, which she continued to draw for eight years.

IMMIGRANTS GALORE.

Present Influx Includes Many Undesirables.

Nearly 3,000 Immigrants Arrived on Three Steamships Tuesday and the Facilities at Ellis Island Are Severely Taxed.

New York, June 15.—According to the officials at Ellis island, the present influx of immigrants includes an unusually large proportion of undesirables, a total of 243 out of 19,595 having been already ordered deported, while 630 were held in the detention pen Tuesday awaiting final decision on their cases, and 6,647 have been detained for various reasons, but may be landed later. This condition is believed to have been brought about partly by the recent cuts in steamship rates and the third-class passengers on every incoming vessel are being watched with the greatest care. Last June one out of every 114 immigrants was turned back, while for the first 11 days of this month one out of every 80 has been deported as absolutely unfit to enter the United States. Many of these now arriving, however, had bought their tickets long before the present low rates were in force and it is thought those yet to come will be of a still worse class.

Nearly 3,000 immigrants arrived on three steamships Tuesday and the facilities at Ellis island are being so severely taxed that the use of tents to care for those who are being detained has been suggested.

Immigration Inspector Ainsworth said Tuesday that those who have been detained within the last few days seem to have less money and smaller means of getting a start in America than any whom he has seen for some time.

"Whether they are more criminal," he said, "it is hard to say."

There are two classes in which the detained fall. First, there are those actually unfit to come into the country and those who appear to be unfit and are sent to the board of special inquiry. These, if the cases against them are sustained, are sent back to Europe at the expense of the steamship company which brought them over. The second class includes persons who are fit to enter the country but who need first to find relatives or friends before it is safe for them to be released.

FUNDING CORPORATION.

It Is For the Purpose of Aiding Strikers To Start Into Business.

New Ulm, Minn., June 15.—The state federation of labor, in session here Tuesday, adopted a sweeping resolution of condemnation of the action of the governor of Colorado in the Cripple Creek mining strike and appealing to the president of the United States as commander-in-chief of the military forces, to compel an investigation of Gen. Bell and of Gov. Peabody.

The state federation of labor also adopted a proposition to form a funding corporation for the purpose of aiding strikers who wish to start business in opposition to their former employers. The plan as outlined calls for a capitalization of \$200,000 in \$5 shares which are to be sold in limited quantity to members of affiliated unions, and which will not be transferable.

FARMERS' DESPERATE DEEDS.

Killed His Wife, Fired the House and Committed Suicide.

St. Cloud, Minn., June 15.—After stabbing his wife to death and setting fire to his fine farm house, Frederick Nelson, a wealthy farmer, 70, started a fire in his well-stocked machine house and then going into the barn, tied a rope to a beam, placed the noose about his neck and, stabbing himself in the breast, lurched forward into eternity. His neck was broken and death was almost instantaneous.

Neighbors who were attracted to the scene by the smoke from the burning building, arrived too late to save the dwelling and Mrs. Nelson's remains were burned to a crisp.
